A Winning Partnership: The SSCRA, as our silent business partner, needs to be compensated for their investment. We, as team owners and racers, should take pride in making this a viable relationship. We can provide an exciting show for the fans, an effective marketing tool for sponsors and race for more money than in the past if we work together. Let's maximize car counts, have team profiles ready for a professional program and contribute to site displays. With a strong group effort, the Siemens WEST Division will become the premier attraction to tracks in Saskatchewan and Alberta!
